

**ADVANCED SURFACE SOLUTIONS  
9216-I WESTMORELAND ROAD  
CORNELIUS, NC 28031  
(704) 875-6927**

Advanced Surface Solutions warrants application to original owner for a period of one (1) year from the date installed including materials and labor, as related to mechanical bonding to substrate and general performance characteristics as outlined in technical data/specification sheets.

Completed surface will be matched to original sample/samples provided or color chart literature as close as possible; however, actual colors/tints and decorative outcome will vary on each architectural concrete surface due to substrate itself and other inherent surface conditions, which is what makes this such a unique individualized decorative concrete surface.

If application, as to original owner, proves to be defective Advanced Surface Solutions will repair the surface at no cost. Neither Advanced Surface Solutions nor Sure Crete shall be responsible for earth or ground-fill movement, earthquakes, cracks or heaves in the existing sub-surface, discoloration, reduction of gloss, hydro-static pressure, seasonal rising moisture conditions, acts of God, negligence, normal wear, or acts of others.

Commercial applications are to be inspected on an annual basis by Advanced Surface Solutions, to determine whether they require repair or other surface/sealing treatment in order to maintain their longevity/performance properties and natural architectural beauty. So long as this evaluation has been made, and any necessary repairs completed at the owners expense, the warranty will be extended for one additional year, to original property owner.
